DATE: January 10, 2007

SUBJECT: FINAL ADOPTION: New State Implementation Plan Section XXII, *Interstate Transport*, and R307-110-36

On November 1, 2006, the Air Quality Board proposed for comment a new section R307-110-36 that incorporates by reference a new Section XXII, Interstate Transport, of the State Implementation Plan (SIP). When a new National Ambient Air Quality Standard (NAAQS) is promulgated, the Clean Air Act requires states to submit a State Implementation Plan (SIP) under section 110(a)(2)(D)(i) to address interstate transport of emissions that would affect nonattainment and maintenance areas in neighboring states. We are required to submit this SIP because new NAAQS for PM_{2.5} and 8-hour ozone were promulgated in 1997. This proposal meets the requirements of section 110(a)(2)(D)(i) of the Clean Air Act.

No oral or written comments were received about this proposal.

Staff recommendation: Staff recommends that the Board adopt R307-110-36 and SIP Section XXII, *Interstate Transport*, as proposed at the November 2006 Board meeting.
